

South Calcutta Girls' College

METRIC POINT 7.3.1

INSTITUTIONAL DISTINCTIVENESS

The priority and thrust area of South Calcutta Girls' College is the **Overall Development of the Students**. Our College adopts various forms of student engagement programmes with the objective of imparting knowledge, skill and values, and to encourage personality development. It has been our endeavour to attempt to provide a level playing field for our students who belong to diverse socio-economic and cultural backgrounds, and to go beyond the confines of the academic curriculum so that they are able to realise their potential.

The three areas of focus are: Teaching-Learning and Evaluation, Academic Activities, Seminars and Webinars, and Institutional Social Responsibility Programmes.

○ **Teaching-Learning and Evaluation**

South Calcutta Girls' College provides a nurturing environment for all students. There is a good rapport between teachers and the students in the classroom which helps to instill confidence in the learners which provides a positive learning environment. Teachers are available before or after class for clarifications and discussions. Since the onset of the pandemic, they are accessible online for interaction.

Teaching is conducted in the bi-lingual medium, that is, in English and Bengali. Practice of inclusivity in teaching-learning is emphasised in our College. The seminar libraries of all departments have collections of textbooks and reference books in both the languages that can be always accessed by students. Following the outbreak of the pandemic, a conducive virtual learning environment has been created and classes are being held according to a published routine. G-suite for education and LMS have been adopted for effective online learning. Study materials are regularly uploaded in Google Classroom for the benefit of the students.

Assessment of students as advanced and slow learners is done to address varying learning abilities and to improve learning. Decisions regarding remedial measures are taken by the Departments. Extra classes are arranged for the slow learners, and they are given practice assignments. Online remedial classes are held for all learners. Reference materials are uploaded for the advanced learners. A Faculty Exchange Programme for Advanced Learner was organised online by the Department of Journalism and Mass Communication jointly with to other Colleges.

Multiple modes of evaluation are used to assess the level of learning of the students. These

include tests, home assignments, quiz and group discussions. Mid-term and Test examinations were held in the annual UG system, and the results were analysed in staff meetings. In the online mode of teaching-learning, class tests and quizzes are held in Google Classroom. PPT and paper presentations by students are encouraged to motivate them and create interest in the subject.

Guardians are informed of their ward's progress through the Parent-Teacher Meetings which are held regularly, and feedback is taken from students and guardians.

Under the Mentoring system that has been adopted since 2019, students receive guidance and support from their respective mentors. Mentors maintain the records of their mentees with respect to their academic, disciplinary, co-curricular activity, health and financial support data.

- **Academic Activities, Seminars and Webinars:**

Students are offered a variety of learning experiences through scholastic and experiential activities conducted by the Departments and Clubs that provide opportunities for the intellectual and creative engagement. Invited lectures by eminent resource persons offer new perspectives and are helpful for the students and the teachers alike. Several webinars and student presentations have been organised during the Covid-19 induced closure of campuses. Commemorative days are observed with cultural and academic programmes. There are six Clubs for engaging students in a wide range of extra-curricular activities.

Educational tours are organised to provide an experiential learning experience beyond the curriculum. Visits to places of educational interest and museums are organised. Students are encouraged to participate in debates, extempore and cultural competitions to develop thinking and research skills and to encourage multi-disciplinary approach among learners

South Calcutta Girls' College has signed MOUs with New Alipore College and Muralidhar Girls' College for collaborating on faculty exchange and various academic programmes. Several collaborative programmes have been organised by the two Colleges.

The Annual Social and the Inter-college fest 'Bahar' are important cultural events organised in the College premises. Our students also participate and excel in academic and cultural competitions held in other institutions. Students of the department of Political Science won the position of 2nd runners up in the "Jefferson Debates", held jointly by U.S. Consulate General Kolkata and ILEAD (Institute of leadership and Entrepreneurship and Development) on 8.12.2021.

The College Newsletter, published on the website, reflects all the activities of the College. A tabloid publication, "*Blank Canvas-A Platform for Expression*" was launched on 30th June, 2020.

- **Institutional Responsibility Programmes:**

The NSS unit of our College offers an excellent opportunity for students to imbibe the notion of social service and develop an understanding of the importance of social welfare. The unit organises medical camps and awareness campaigns on AIDS, dengue and malaria in the slum area in the vicinity of the College. An Adult Literacy programme in collaboration with Peyerabagan Basti Welfare Society is being conducted for the under-privileged women of the slum area who have not had the opportunity of acquiring formal education. Students volunteer to teach here once a week. The College Library provides books for this programme. Volunteering contributes to their personality development and increases their self-confidence.

- Special workshops and events are organised to highlight the importance environmental and social concerns. By participating in **plastic recycling workshop**, students are able to learn about the need to reuse resources and protect the environment. **Awareness raising programmes** regarding the issues of gender discrimination, human dignity, national unity, communal harmony and environmental conservation are conducted by the Departments and Clubs.

- **Health check-up camps** are held in College for the hostel boarders. The Counselling Cell provides psychological support and guidance to students to encourage personality development, achievement of a healthy lifestyle and attainment of their career goals. Interactive group sessions are held to create awareness about mental health and issues of stress, social anxiety, depression, self-harm, examination phobia and anger management. Counselling and Yoga sessions are being held in the virtual mode to help them address issues related to mental and physical health.

- The importance of **Empathy Building** in the time of the pandemic was emphasised by a programme, “Each One, Reach One”, where students were made aware of how they can become self-confident and extend support to those in distress. **Awareness programmes regarding Covid-19 protocol** were held by each department before the start of offline classes in college from 16.11.2021 where the safety measures were explained to the students in detail.

- We believe that the aim of learning is to inculcate critical thinking, creativity and human values. The learning process will help learners to realise their potential who shall contribute to society in different ways.

De) The Ilbert Bill was introduced in 1883 for British India by Lord Ripon. It was named after Cowdenay Ilbert. However, the introduction of Bill led to an intense opposition in Britain and from British settlers in India that ultimately played an racial tensions. The Bill gave power to Indian Judges and magistrates the power to try British offenders in criminal cases at district level.

The white opposition forced the court to withdraw the Bill. This enraged the Indians. The most opponents of the Bill were British Tea and Indigo plantation owners in Bengal.

At first, as a result of popular disapproval of the Ilbert Bill by a majority of English men and women, viceroy Ripon passed an amendment, whereby a jury of 50% Europeans was required. Finally a solution was adopted by way of compromise, in which jurisdiction to try Europeans would be conferred on European and Indian District Magistrates and session Judges alike.

However, a defendant would be in all cases have the right to claim trial by a jury of which at least half the members must be European. The Bill was then passed on 25 January 1884 as the Criminal Procedure & Code Amendment Act 1884, came into force on 1 May of that year.

REVOLUTIONARY ACTIVITIES IN MAHARASHTRA

GANESH SARVAKAR AND V. D. SARVAKAR

- Ganesh Savarkar and Vinayak Savarkar were the real spirit and inspiration behind the militants' revolutionaries and their activities against the intolerable foreign rule of Britishers in India.
- Vinayak Damodar Savarkar popularly known as Swatantryavir Savarkar was born in 1883 in the Nasik district. Right from his childhood, he was staunch Hindu and proud of Hindu religion.
- Savarkar made use of religion to create nationalism. He appealed people for the reconstruction of the nation on the basis of staunch national feelings.
- V.D. Savarkar and his colleagues set up an organization known as 'Mitra Mela'.
- In 1910, Savarkar was arrested in England. Government had planned to take him to India
- In 1910, Savarkar was arrested in England. Government had planned to take him to India
- He was condemned for life imprisonment in the Andaman Island. After his release in the year 1924 from the prison, Savarkar had given up revolutionary activities and concentrated on religious issues.

Celebrating 75 Years of Independence

Date: 20th August 2021

The NAAC Criterion III Committee of South Calcutta Girls' College, under the aegis of IQAC and in collaboration with New Alipore College, Kolkata, organised an Online Inter-College Banner with Slogan Competition on the theme, "**Celebrating 75 Years of Independence**" on 20th August 2021. The objective of the programme was to commemorate 75 years of independence of India. Our respected Principal, Prof. (Dr.) Aparna De, chaired the event. The Competition commenced with the enlightening 'Welcome Address' of Principal Madam, which set the tone for the programme. Her address was followed by the 'Keynote Address' offered by Prof. (Dr.) Jaydeep Sarangi, Principal of New Alipore College and an illuminating speech by the Coordinator of IQAC and Associate Professor in Philosophy, South Calcutta Girls' College, Dr. Rehana Khatun. The Competition received an overwhelming response, which was very encouraging, given the pandemic situation. Students from different educational institutions all over Kolkata submitted thought-provoking and innovative banners with slogans. All the participants explained the essence of their banners and communicated their thoughts and aspirations on the theme very aptly. Participants were awarded participation certificates and the three best presenters were awarded rank certificates. The total number of participants was 100.

South Calcutta Girls' College

NEWSLETTER 2019 - 2020

Principal

Prof. Dr. Anama De

I feel honoured to publish the first News Letter of South Calcutta Girls' College to highlight the creative potentials of our students. A News Letter is like a mirror which reflects the clear picture of all sorts of activities of the entire college. We, the members of South Calcutta Girls' College family are proud to release our first News Letter showcasing the progress of the college during 2019-2020. I do believe that this News Letter will convey a positive impulse to all of our students, teachers and non-teaching staff for their future activities.

I express my deep sense of gratitude to the Governing Body of the college for their continuous support and encouragement for the development of the college.

I congratulate the Editorial Board of this News Letter for their active cooperative role in accomplishing the task effectively.

I am hopeful that this small piece of work will help to develop a sense of belonging to the institution with the spirit of inclusiveness.

*With best wishes
