CELEBRATION OF WORLD ENVIRONMENT DAY

BY ECO CLUB

3-6-2022

On account of celebrating World Environment Day 2022, the ECO Club of South Calcutta Girls' College took the initiative to organize a Tree plantation program within the college campus. The main motive behind this program was 'Reinforcing Greenery on Campus'. The event was held on 3rd June 2022 on the college campus. Around 42 members including students and faculties participated in this program. The whole event was guided and led forward by our respected principal madam Dr. Aparna De, whose active participation was a motivation for all of us. The program started at 1 PM with a Tree Plantation program in the college backyard. Our respected principal madam initiated the event by planting tree saplings followed by the faculties and students of the college. The plantation program was followed by a cultural program creating awareness about the importance of the Green Campus, which was held in the college auditorium. By supporting World Environment Day 2022 and the theme 'Only One Earth' campaign, students and faculty members took this small initiative to spread awareness about the importance of Greenery not only on the campus but also in the environment we live in.
