## REPORT

The Department of Philosophy organized a webinar on the topic “The Ethics of Care.” on 09.07.2021 at 3PM. Dr. Shyamasree Bhattacharyya, Associate Professor of Philosophy, University of Calcutta gave a lucid presentation on the topic which is a recent trend in feminist philosophy. She discussed the different aspects of traditional ethics that ignore the feminine experiences and relationships. Social context and connections appear to be fundamental in care ethics where an individual surrenders his personal motives for the sake of people who need help and support. The topic is very relevant during the COVID times when the whole world is facing utter crisis and helplessness. The lecture was followed by a question and answer session and it was well appreciated. The webinar was attended by approximately 100 participants.

TOPIC: PROTECT OUR EARTH IN YOUR OWN WAY.

**REPORT**

World Earth Day celebrated on 22<sup>nd</sup> April by the Geography Department of South Calcutta Girls College, was among those events performed on a virtual mode. The pandemic did prevent us from gathering together for various programmes, but we managed to make it happen despite challenging circumstances.

The concept was shared with our students who took an initiative to celebrate “Earth Day”, in their best possible ways. Some of them managed to do nature service in their localities while others celebrated it at their homes. Their amazing enthusiasm to plant trees, water them, feed birds, recycle old bottles by painting them and creating decorative show pieces using old pens, really thrilled us! This not only prevents waste accumulation but also protects our biodiversity and our surrounding environment.

We are extremely proud of our students for taking such a great approach towards the Earth.
