Awareness Programme on Competitive Examinations

An Awareness Programme on Competitive Examinations was organised on 14th September 2023, in collaboration with Internal Quality Assurance Cell and The Placement Cell of South Calcutta Girls' College. A total of 175 students and teachers (159 students and 16 teachers) were present and self-development counselling helped the students to identify and improve any areas of life that might need attention. Honourable speaker, Mr Sisir Das, Director of Quark Centre for Physics Learning, spoke extensively about various career opportunities available for students. Students were provided examples of being placed in different fields. The discussion illustrates how career counselling can effectively guide students from diverse fields, helping them to explore and prepare for their future careers in physical learning contexts. He extensively explored various engineering disciplines, project-based learning opportunities, and the significance of industry certifications. Exploring different teaching methodologies, obtaining necessary certifications, and understanding classroom management were some of the primary objectives of his speech.

The poster features a blue gradient background with a white grid pattern. At the top left is the college's logo, a green circle with a white 'S' and 'C' and the text 'South Calcutta Girls' College' and '1970-1993'. To the right of the logo, the college's name and address are written in blue. Below this, the event title is in green. The speaker's name and title are in red. The date and venue are in blue. At the bottom center is an image of an open book with a pen resting on it.
