ADULT LITERACY PROGRAMME IN PEYARABAGAN SLUM FOR THE YEAR 2016-2017

The Adult Literacy programme was taken up by South Calcutta Girls' College in the slum area located in the vicinity of the College, known as Peyarabagan basti. The close proximity of the slum was an advantage as students would not have any logistical difficulty.

Adult Literacy class in progress

The Peyarabagan Basti Welfare Society has been conducting literacy programme for the under-privileged women of the locality who have not had the opportunity of formal education or have dropped out of school. We have associated with the Society which enables our student volunteers to participate in the project.

Adult Literacy programme has been undertaken to develop sense of social responsibility among the students and to lend a helping hand to the under- privileged people, In 2016-2017, there were 11 student participants.
